WHILE THERE ARE NO GUARANTEES, FOLLOWING THE TIPS BELOW WILL INCREASE THE LIKELIHOOD YOUR FILE WILL BE ASSIGNED TO ONE OF THE UNDERWRITERS YOU HAVE SELECTED.
1. Be sure to choose underwriters that are qualified for the type of file you are submitting.
2. Select AT LEAST EIGHT underwriters for each FHA file submitted.
3. For all other file types, choose as many qualified UW's as possible, to decrease the likelihood of your file being randomly assigned. It is imperative that you choose as many underwriters as possible.
4. Submit your file between 5:01pm and 8:59am EST.
